AquaSpy
Technical sheet

This is a radio transmitter that activates in the presence of an electric current.

In a hotel, it is useful for monitoring water flow in unoccupied rooms.

Model		Aquaspy
Item number		14271325
Technical data		
Power supply	Ph – V – Hz	Power supply via electrical outlet
Bluetooth connection		BLE :5.0
Led indicator 1 color (blue)		
RESET button		
Operating temperature		From –40°c to 105°c
Dimension / weight		
Product dimension (L * P * H)	mm	55 – 48 – 17
Product weight	Kg	0,035
